### WORK EXPERIENCE

#### Samsung RnD Institute

AI Algorithms Lab, Moscow

Machine Learning Intern

June 2018 - August 2018

The main direction of my work in Samsung included computer vision and image processing. In particular, we worked on the problem of image enhancement with generative models.

#### Otkritie FC

#### Department of Statistical Analysis, Moscow

Data Science Intern

May - September 2017

My work included statistical analysis and anomaly detection. I was responsible for the adaptation and deployment of the machine learning algorithms and statistical models.

#### Moscow State University of Medicine

Moscow

External Research Assistant

February 2016 - March 2017

My work as a research assistant involved mathematical modeling and embedded software engineering. We used mathematical models to describe the behavior of the neurons under the mechanical influence.
